Vietnamese	An	Not applicable

## Add a TTS voice to your PC

To use one of these voices, add it to your PC:

1. Open Narrator Settings by pressing the **Windows logo key**  + **Ctrl + N**.
2. Under **Personalize Narrator's voice**, select **Add more voices**. This will take you to the Speech settings page.
3. Under **Manage voices**, select **Add voices**.
4. Select the language you would like to install voices for and select **Add**. The new voices will download and be ready for use in a few minutes, depending on your internet download speed.
5. Once the voices for the new languages are downloaded, go to Narrator settings, and select your preferred voice under **Personalize Narrator's voice** > **Choose a voice**.
